

EMC's Advantage through Excellence: Future of Manufacturing Conference

October 8-10, 2019 – Greater Toronto Area
Universal Eventspace, Vaughan ON, Canada

Canada's Largest Manufacturing Consortium – **Excellence in Manufacturing Consortium (EMC)** – together with event partners and stakeholders, is hosting our next national manufacturing conference October 8-10, 2019.

EMC's **Advantage through Excellence: Future of Manufacturing Conference** is a 2½ day event exploring the competitive advantages, opportunities and successes that can be achieved by manufacturers through a variety of learning forums – up-to 40 workshops, panel sessions, keynote presentations and best practice plant tours – providing delegates with outstanding opportunities for benchmarking, peer networking, learning and sharing of hundreds of best practices.

An estimated 500 to 900 manufacturing leaders and stakeholders from across Canada are anticipated to attend.

CALL FOR PRESENTATIONS / SPEAKERS

Growing the Future of Manufacturing in Canada

EMC is seeking experienced manufacturing leaders, industry professionals, stakeholders and subject-matter-experts, to share their knowledge, experience and successes, as we work together to explore these five conference streams:

1. **Advanced Manufacturing & Innovation**
2. **Export Development & Growth**
3. **Operational Excellence**
4. **Future State of Manufacturing**
5. **Plant & Best Practice Tours**

We are seeking presentations (related to the five streams) in the following topic areas, but not limited to:

- Advanced Manufacturing
- Automation / Robotics / AI
- Business Growth / Free trade
- Cost Control
- Energy Efficiency & Sustainability
- Export Development / Expansion
- Finance in Manufacturing
- Future Skills / Capabilities
- Health, Wellness and Safety
- IIoT / Blockchain / Cybersecurity
- Labour Market Intelligence
- Leadership / Culture
- Manufacturing Trends
- Next Generation Technologies
- Practices and Processes
- Productivity and Lean
- Sector Specific Challenges
- Workplace Engagement / Retention

To Submit Your Presentation / Proposal:

All qualified subject-matter-experts and industry professionals interested in presenting at our upcoming conference are invited to complete the online proposal/application form [CLICK HERE for APPLICATION FORM](#)

Please submit your presentation proposal (maximum 250 words) on/before January 31, 2019. EMC will be reviewing all proposals as they are received. Only successful presenters will be contacted for completion of a presenter agreement and addition to the conference program.

Preference will be given to manufacturing-led presentations, subject-matter-expert presentations in partnership with a manufacturer, and related case examples of best practice cases and solutions-based issues affecting manufacturing.
